# AMERICAN BUILDER.

An Illustrated Quarto Monthly,

DEVOTED TO

**Architecture, Art, Building,**

**ENGINEERING, LANDSCAPE GARDENING, ETC.**

---

## The Builder

Is the oldest Publication of its class in America. and has obtained a wide circulation on account of the uniform excellence of its subject matter and illustrations.

While it is indispensable to every architect in the country, it is of equal value to every man who builds or owns a house; for it furnishes him information on a vast variety of topics that cannot be obtained elsewhere, such as

**DRAINAGE, VENTILATION, HEATING,**

**Laying out of Grounds Etc.. Etc.,**

**BUILDERS OF EVERY CLASS WILL FIND THE PUBLICATION EXACTLY SUITED TO THEIR WANTS.**

It furnishes a means of intercommunication in the different building trades, and contains a complete summary of building news.

---

**Terms, Three Dollars a Year,  
Strictly in Advance.**

 Specimen copies sent to any address on receipt of 25 cents.

Address,

**CHAS. D. LAKEY, Publisher,**

**151 and 153 Monroe Street, Chicago.**

Chicago and Wilmington Coal Co. Capital, \$200,000.

# EDWARDS' BUSINESS DIRECTORY.

EMBRACING

A Classified List of all Trades, Professions and Pursuits in the City of Chicago for the year 1871, arranged Alphabetically for each Trade, thus exhibiting, at a glance, the full address and Special Business of her citizens.

All business men will be found here classified under their own legitimate headings, free of charge, except where capitalized. The (\*) denotes special headings, which must be paid for at the rate of \$1.00 each insertion.

IS NOW ADMITTED TO BE THE

GREAT LEADING FAMILY MACHINE

OF THE WORLD.

# WILLCOX & GIBBS SILENT FAMILY Sewing Machine

Twisted Loop Elastic Lock Stitch,  
WILL STITCH, HEM, FELL, TUCK, CORD, BIND,  
Braid, Quilt and Embroider Beautifully.  
It will, with the FINEST needle and thread, run from perfect work  
on the finest Nainsook, over the heaviest beaver cloth and cowhide,  
with NO change of needle, thread or tension. It will use coarse  
cotton, linen, silk and twine. It runs easier, faster and stiller than  
any other machine. It forms a flat, even and elastic seam, differing  
from every other stitch, each loop being TWISTED by means of

**THE "ROTATING HOOK,"**  
and drawing the twist into the goods, thus securely fastening every  
stitch, so that the seam will bear to be cut at frequent intervals, and  
in that case even, the seam is warranted **not to rip** in wear,  
and under all circumstances to "survive the wash-tub." Old, worn  
out family garments, bosoms, pants, dresses, &c., have been sub-  
mitted to Committees at FAIRBANKS where, was the GREATEST COM-  
PETITION, and to clubs which premiums have been awarded  
for its Superiority, Durability, Elasticity and  
**Beauty.**

A patented device prevents the possibility of the machine being  
run in the wrong direction, or the balance wheel ever wearing or  
touching the dress.

**THE NEEDLE CANNOT BE SET WRONG,**

Thus avoiding the great trouble of other machines.

**NO BREAKING OF NEEDLES.**

The blade of the needle is less than three-fourths of an inch long,  
and is straight.

**The Hemmer and Feller can never be set wrong.**

Any one may adjust them IN THE DARK. The hem may be of  
any width. No other hemmer or feller is like this. It turns the  
hem on the right or under side, as you want it.

**It will not drop stitches,** as the needle is always  
set right, the blade short and straight, does not vibrate, like longer  
ones. It is run by steam at 3000 stitches per minute—other ma-  
chines at only 400 to 1200, with safety. They are

**Manufactured with Mathematical Precision.**

Hence each part is interchangeable and can be readily replaced in  
case of accident. The machine cannot be adjusted, hence will not get  
out of order. It will last a generation, if properly cared for. None  
who have used it can be persuaded to use any other.

The roundness, evenness, durability and beauty of its stitch

**WERE NEVER EQUALED.**

Its **Rapidity, Absolute Stillness, Ease of  
Motion, neatness and neatness of its HEM and FELL** were  
**never approached** by any other machine. We can call in  
any boy or girl from the street, and with three minutes instruction  
they will set the needle, attach the Hemmer or Feller, and do the  
work with entire success.

The PRESS universally pronounces this the **Best Family  
Sewing Machine in the World.** Whatever the  
merits of the other machines, it is no disparagement to say the Will-  
cox & Gibbs is worth, for family use, double that of any other ever  
offered to the public.

It received the **Gold Medal** of the American Institute—the  
**FIRST PREMIUM** for

**"THE BEST SEWING MACHINE,"**

at the great New England Fair—the Vermont State Fair—the Penn-  
sylvania State Fair—the Indiana State Fair—the Wisconsin State  
Fair—the Michigan State Fair—the Iowa State Fair—and at over  
60 County Fairs throughout the West—making more First Prem-  
iums than were taken by all other Sewing Machines together in the  
same time.

**IT IS NOW THE GREAT LEADING FAMILY SEWING MACHINE**

**ALL OVER THE WORLD.**

Price of Machines, with hemmer, feller, gauge, oil can, extra  
needles, full directions, &c., from \$36 to \$150.

**Barnum's Self-Sewer for all Sewing Machines,**  
Guides the work itself, avoiding the bent posture and strain on the  
eyes. Price \$1.50. Large discount to Agents.

We take other machines in exchange. We sell OIL, CORROS, SILK,  
TWINE and NAINSOOK for every kind of Sewing Machine.

**Agents Wanted.**—Terms to Agents, descriptive circulars  
and specimens of work, sent free by mail, on receipt of stamp, or

We rent Machines by the month, and  
apply the rent money on the purchase.  
We sell on monthly installments. Call  
and try one, or have one sent to your  
house.

THE IMPROVED

UNION STEAM AND WATER

# Heating and Ventilating Apparatus,

As Constructed under the Gold's Patents, by

A. L. WINNE & CO.,

114 Dearborn St., CHICAGO,

Having stood the test of nine winters, and brought to such a state of perfection by all the real improvements which long experience in the business has suggested, commends itself to the attention of all those who are interested in securing the most perfect system of artificial warming and ventilation for both public and private buildings.

The characteristic advantages of this apparatus are economy and durability in construction; economy of fuel; entire safety from fire and explosion (which can be said with truth of no other Steam or Hot-Air Furnace); self-regulation and ease of management; its superior ventilation and equality of heat, and its entire freedom from gas, smoke and other impurities.

The entire apparatus may be located in the basement or cellar.

Houses already warmed by hot-air furnaces can be adapted to the use of our Steam Apparatus.

 Circulars with detailed description of Apparatus, and giving testimonials from those who are using it, may be had at our Office.

**From the multitude of Letters, commendatory of our Apparatus, we have only room here for a few Extracts.**

---

From Rev. Dr. EVENTS, Pastor 1st Baptist Church, }  
Chicago, June, 1867. }

A. L. WINNE & Co., Gents: \* The experience of two winters satisfies me of the wisdom of our committee in adopting your method of heating and ventilation. I look upon it as a great desideratum in churches for the health, comfort, and attention of the congregation, in the effect it produces in its soft, warm, and pure atmosphere. \* \* W. W. EVERTS, Pastor 1st Bap. Ch.

---

\* \* It has given me unqualified satisfaction in every respect, and is not equalled by any heater that I have ever examined, in these two most important points—quality of air, and abundant and direct ventilation.

E. B. McCAGG.

---

\* \* For diffusing a general, thorough, and summer-like heat throughout the entire building it cannot be surpassed. \* S. J. SURDAM.

---

Have used your apparatus for the past 5 years with perfect satisfaction. \* \* S. D. KIMBARK.

---

\* \* It keeps up a constant circulation of pure air, so heated that its vital quality is the same as that of the atmosphere—sun-warmed in summer time. In this respect it is beyond praise. THOS. HOYNE,

---

Having thoroughly tested your Steam Apparatus I know of nothing so good or economical of fuel. \* \* N. S. BOUTON.

---

\* \* I regard it the best mode of heating with which I am acquainted. W. F. COOLBAUGH.

---

\* The system is correct, and its results are far more comfortable and conducive to health than any heating apparatus I have ever seen. \* \* E. G. HALL.

---

From SISTERS OF MERCY, St. Xavier's Academy, }  
Wabash Ave., Chicago, July, 1867. }

Messrs A. L. WINNE & Co., Gents: We have now had your Apparatus in use two winters, and are most happy to say that it fully meets our high expectations, supplying an abundance of heat, equally diffused throughout the entire building in the severest weather, with an atmosphere at once delightful and pure. \*

---

\* \* I regard it as the most complete and economical mode of heating in use. WM. BROSS.

A. L. Winne & Co. respectfully refer, by permission, to the following parties having their Heating Apparatus.

THE  
**MERCANTILE AGENCY.**

---

**R. G. DUN & CO.'S**  
**REFERENCE BOOK,**

For the Semi-Annual Term commencing January 1st, 1871.

Contains the names and business of individual traders and firms, throughout the States and Territories, Canada and Nova Scotia, with their

**CAPITAL, CREDIT AND STANDING,**

In the communities where they reside, revised by their own exclusive agents, and correspondents upon fresh detailed reports.

**Several Thousand New Names**

Have been added since the last volume, and a vast number of changes made in old quotations. **NAMES NO LONGER IN BUSINESS HAVE BEEN DROPPED.**

This work has been faithfully executed, with labor and care, at great expense, and is offered to **BUSINESS MEN** with the fullest confidence in its accuracy and reliability. For every estimate and gradation of credit in each individual case, a report can be found upon the Records of the Agency.

The aim of the publishers has been to produce a

**STANDARD REFERENCE BOOK,**

upon which dispensers of credit may rely with confidence in its freedom from **INFLATION** or **EXAGGERATIONS**. The tendency has been to moderate rather than over-estimate. They have endeavored to guard against improper influences in all directions.

**A COMPLETE**

List of the National Banks, with their Capital and Officers Appointed.

---

**Claims for Collection**

Promptly attended to throughout the United States and British Provinces.

---

This Agency was established in 1841. Long experience, enlarged facilities, and the faithful performance of its work, combine to make it the Standard Agency.

**A. H. MORRISON,**

General Manager, St. Joseph, Mich.

# Mobile and Ohio RAILROAD.

The Main Stem of this Road Extends from

## MOBILE, TO COLUMBUS, KY.

A DISTANCE OF 472 MILES.

IT HAS A BRANCH EXTENDING FROM

### Artesia Station to Columbus, Miss.

14 MILES, AND IS OPERATING AS LESSEES OF THE

### North East and Southwest R. R.

FROM MERIDIAN TO YORK STATION, 27 MILES.

## CONNECTIONS.

- AT MOBILE—With the Mobile & Montgomery Railroad, and Morgan's Splendid Line of Low Pressure Steamers from New Orleans.
- AT YORK—With the Selma and Meridian Railroad.
- AT CORINTH—With the Memphis and Charleston Railroad.
- AT JACKSON, TENN.—With the Mississippi Central Railroad.
- AT HUMBOLDT—With Memphis and Louisville Line.
- AT TROY—With New Orleans and Ohio Railroad.
- AT UNION CITY—With Nashville and Northwestern Railroad.
- AT COLUMBUS, KY.—With Illinois Central Railroad.
- AT CAIRO—By the fine Ferry Steamer Gen'l Anderson.

This road is laid with a rail weighing 68 lbs. per yard, with the best Fish Bar Joint Fastening in this country, which prevents the rattling, jarring noise on other roads, and makes it, for smoothness and ease of motion, unsurpassed by any road in this country. It makes close connections with all the great lines North and West, and has fewer changes of cars than any Line between the Gulf of Mexico and the Eastern, Northern and Western Cities.

It has Through Ticket and Freight arrangements with all connecting Lines to all important points. But one trans-shipment of Freight is required between New York, Philadelphia or Baltimore and New Orleans, Mobile or Selma.

The Company owns more than a Million Acres of Land along its road, set with the best Pine Timber, and well adapted to the cultivation of Vegetables and Fruits, which can be transported by Fast Freight Trains to the North and West.

Fruits and Vegetables will mature two months sooner than in the latitude of St. Louis, and will therefore command the high prices of the first of the season in the cities of Louisville, Cincinnati, St. Louis, Chicago, and smaller places on the Railroad and Rivers. These lands are for sale in lots to suit purchasers.
